Barter International Maritime Studies (BIMS)
Rev.2.1 : July 2009

WERE YOU AWARE THAT.....

Sea cargo transportation takes 99% of the world cargo market and leaves about 1% only (by weight) for the air transportation industry. The recent boom in the global economy has driven the sea freight market high and the order books of most of the world's shipyards are full through the next 5 years.

There are 70,000 ships plying across the oceans, and numbers are expected to increase very fast. Each ship requires a Captain and three navigating officers. With the growing demand for new ships, there is expected to be a shortage of officers globally. Our course leads the students through a structured training program preparing them for their first professional certification at sea – Class 3 (Deck) Unlimited certificate.

COURSE OBJECTIVES:

At the end of this course, participants are able to safely and competently carry out the watch keeping duties on board merchant ships both at sea and in port. They will be conversant with the basic principles as per STCW Regulations VIII/2 & STCW Code Chapter VIII.

COURSE CONTENT:

The course is conducted over 3 stages, as follows:

STAGE 1: Pre Sea Course(PSC)

13-Weeks duration, conducted at our training institute in Bangkok, Thailand.

Barter International Maritime Studies BIMS trains cadets to achieve COC 3 Certification in shortest possible duration.

Our courses are accredited by the FIMSA Fiji in association with School of Marine and Fishery Suva Fiji.

The certification acquired is world class in compliance with the requirements of the International Maritime Organisation as well as the relevant sections of the Standards of Training, Certification and Watch-keeping (STCW) for Seafarers, 1978, as amended.

Modules:

Code	Name
BMS 001	Personal Safety & Social Responsibility
BMS 002	Personal Survival Techniques
BMS 003	Basic Fire Fighting
BMS 004	Elementary First Aid
BMS 005	Bridge Watch Keeping
