Rev.2.1 : July 2009

WERE YOU AWARE THAT.....

Sea cargo transportation takes 99% of the world cargo market and leaves about 1% only (by weight) for the air transportation industry. The recent boom in the global economy has driven the sea freight market high and the order books of most of the world's shipyards are full through the next 5 years.

There are 70,000 ships plying across the oceans, and numbers are expected to increase very fast. Each ship requires a Captain and three navigating officers. With the growing demand for new ships, there is expected to be a shortage of officers globally. Our course leads the students through a structured training program preparing them for their first professional career as Rating.

COURSE OBJECTIVES:

At the end of this course, participants will be able to achieve the entry level standards required to undertake the COC 3 post sea course at Maritime Fiji. The Course enables the Ratings to fill up the Gap in their core competencies so that they attain the required entry standards of the STCW 95 requirements.

COURSE CONTENT:

The course is jointly offered by BIMS and Fiji Maritime school:

Code	Name
BMB 001	Celestial Navigation
BMB 002	Terrestrial and Coastal Navigation
BMB003	Cargo work Calculations
BMB 004	Ship's Stability and Construction
BMB 005	Chart Work
BMB 006	Rules Of The Road
BMB 007	Electronic Navigation Aids

The total duration of the course is 8 weeks and on successful completion of the course the trainees will be registered at Fiji Maritime school and thereafter they will join the COC3 prep course either in Jan or in Jul. The total training is thus conducted in two phases

BIMS is one of the premium organisation which offers courses for ratings as well as Officers.

The Bridging Course offered by BIMS is the unique course of its own kind which provides opportunity to the ratings to move ahead to be an officer. This course is jointly offered by BIMS and the Fiji Maritime School Fiji.

The certification acquired is world class in compliance with the requirements of the International Maritime Organisation as well as the relevant sections of the Standards of Training, Certification and Watch keeping (STCW) for Seafarers, 1978, as amended.

Phase 1 - 8 weeks Bridging course at BIMS
Phase 2 - 6 Months COC3 prep course at Fiji Maritime School Suva Fiji. On successful completion award of COC3 Unlimited and Diploma in Nautical Sciences.

Fiji is IMO White Flag state and its COC is Internationally recognised. Once you have this COC3 you can give chief mate exam in Singapore, Australia, etc.

Entry Requirements:

- 24 Months of sea time
- Watch keeping certificate
- Valid CDC and passport

Course Fee and Schedule:
