## Any of your Bhanjas or Bhatijas want to join Merchant navy?

**Shortest Route To Sea with placement assured.**

Barter International Maritime Studies (BIMS) is the only private organization providing quality maritime education, training, and consultancy services in Thailand.

For us Indians, this institute in Thailand offers the nearest and the shortest route to sea. In just 26 months a new inductee can join as second mate and start earning from day one, says Kunal Anshuman, Director, Merchant Navy and Offshore Services, India, the sole representatives of BIMS in Maharashtra. He feels that "Time saved is Money Gained", as by simply spending a small amount on airfare, aspirants can now save a crucial 10 months of training in time, instead they can start earning almost immediately.
